TB 43-PS-813, **The Preventive Maintenance Monthly Index of Online Articles** is an official publication of the Department of the Army, providing a reference tool for all Soldiers assigned to combat and combat support units to access PS Magazine articles published to its official .mil website. All referenced articles have been reviewed and approved by the agency responsible for the equipment, publication or policy discussed in any referenced article. Application of the information in those articles is encouraged but optional with the user. The use of product or company names does not constitute endorsement of those products, services or companies by the U.S. Army. The use of non-DoD hyperlinks, along with that content, does not constitute endorsement by the DoD or DA. Neither DoD nor DA exercises any editorial control over, and cannot vouch for, content on non-DoD websites.

PS: The Preventive Maintenance Monthly Index of Online Articles (ISSN 0475-2953)
is published monthly by the Department of the Army, Redstone Arsenal, AL 35898.

You are invited to send PS your ideas for improving maintenance procedures, questions on maintenance and supply problems and questions or comments on material published in PS.

1-Sep-21	Log/Maint Management: 2021 AAME, DEA and SEA Award Winners	https://www.psmagazine.army.mil/News/Article/2761050/logmaint-management-2021-aame-dea-and-sea-award-winners/	Congratulations to the winners and runners-up of this year's Chief of Staff of the Army Logistics Excellence Awards (AAME), Deployment Excellence Awards (DEA) and Supply Excellence Awards (SEA)!...
1-Sep-21	HOT ITEM - Rotary-Wing Aircraft: Configure Mode S / ADS-B Out Properly	https://www.psmagazine.army.mil/News/Article/2761543/hot-item-rotary-wing-aircraft-configure-mode-s-ads-b-out-properly/	MUST READ! - Mechanics, during maintenance on the APX-123/APX-123A Mode 5 transponder, the aircraft-assigned default Mode S can be zeroized or "set to factory default." Units are subsequently not ensuring that the default Mode S address is reloaded into the APX-123/APX-123A. As a result, the FAA detects an invalid address. Unless the guidance in this article is followed, units will find themselves in hot water... PS Magazine's I Own This campaign is designed to recognize Warfighters of all services who exemplify the highest standards of care for their assigned vehicles and equipment and contribute in meaningful ways to their unit's overall maintenance and supply posture. In short, they live and breathe readiness. Here are the nominees for Aug 2021...
7-Sep-21	I Own This: August 2021 Nominees	https://www.psmagazine.army.mil/News/Article/2765479/i-own-this-august-2021-nominees/	PS Magazine's I Own This campaign is designed to recognize Warfighters of all services who exemplify the highest standards of care for their assigned vehicles and equipment and contribute in meaningful ways to their unit's overall maintenance and supply posture. In short, they live and breathe readiness. Here are the nominees for Aug 2021...
