Tools	35

TB 43-PS-825, **The Preventive Maintenance Monthly Index of Online Articles** is an official publication of the Department of the Army, providing a reference tool for all Soldiers assigned to combat and combat support units to access PS Magazine articles published to its official .mil website. All referenced articles have been reviewed and approved by the agency responsible for the equipment, publication or policy discussed in any referenced article. Application of the information in those articles is encouraged but optional with the user. The use of product or company names does not constitute endorsement of those products, services or companies by the U.S. Army. The use of non-DoD hyperlinks, along with that content, does not constitute endorsement by the DoD or DA. Neither DoD nor DA exercises any editorial control over, and cannot vouch for, content on non-DoD websites.

**PS: The Preventive Maintenance Monthly Index of Online Articles** (ISSN 0475-2953)  
is published monthly by the Department of the Army, Redstone Arsenal, AL 35898.

You are invited to send PS your ideas for improving maintenance procedures, questions on maintenance and supply problems and questions or comments on material published in PS.

Just write to:

1-Sep-22	Ground Vehicles: Lead-Acid Battery Storage	<a href="https://www.psmagazine.army.mil/News/Article/3146818/ground-vehicles-lead-acid-battery-storage/">https://www.psmagazine.army.mil/News/Article/3146818/ground-vehicles-lead-acid-battery-storage/</a>	Flooded cell and absorbed glass material (AGM) batteries can be stored and charged in the same container as long as you follow the guidelines in TM 9-6140-200-13 (May 11). We've got the details here.....
7-Sep-22	HEMTT: Parking Brake Problems? Check Exhaust Port	<a href="https://www.psmagazine.army.mil/News/Article/3150642/hemtt-parking-brake-problems-check-exhaust-port/">https://www.psmagazine.army.mil/News/Article/3150642/hemtt-parking-brake-problems-check-exhaust-port/</a>	Parking brake problems with the HEMTT could potentially be caused by a clogged exhaust port at the end of the parking brake valve exhaust hose which will cause the parking brake to fail. Read about it here...
7-Sep-22	M1089A1P2 FMTV: UTAP Training Guides Available	<a href="https://www.psmagazine.army.mil/News/Article/3151455/m1089a1p2-fmtv-utap-training-guides-available/">https://www.psmagazine.army.mil/News/Article/3151455/m1089a1p2-fmtv-utap-training-guides-available/</a>	If you need maintenance training for your FMTV wrecker, UTAP has added the Operator/Maintainer Student Guide (Mar 19) and the Operator/Maintainer Instructor Guide (Mar 19). Here's the scoop...
9-Sep-22	All Fleets: Promote Safety by Avoiding the "Dirty Dozen"	<a href="https://www.psmagazine.army.mil/News/Article/3152297/all-fleets-promote-safety-by-avoiding-the-dirty-dozen/">https://www.psmagazine.army.mil/News/Article/3152297/all-fleets-promote-safety-by-avoiding-the-dirty-dozen/</a>	The nemesis to Army safety is a "dirty dozen" of human-centered factors. Keep reading to learn what these factors are and ways to avoid them...
9-Sep-22	Fuel Tankers: Replacing Split-Ring Rims	<a href="https://www.psmagazine.army.mil/News/Article/3153607/fuel-tankers-replacing-split-ring-rims/">https://www.psmagazine.army.mil/News/Article/3153607/fuel-tankers-replacing-split-ring-rims/</a>	If your unit has an M967A1, M967A1P1, M969A1, M969A1P1, M969A2 or M969A2P1 fuel tanker, the split-ring rims and tires are obsolete. When no longer serviceable, split-ring rims and their tires must be converted to the one-piece wheel assembly, NSN 2530-01-506-4125. Read on for the parts included in the assembly.....

14-Sep-22	Corrosion: Keep Corrosion at Bay	<a href="https://www.psmagazine.army.mil/News/Article/3157534/corrosion-keep-corrosion-at-bay/">https://www.psmagazine.army.mil/News/Article/3157534/corrosion-keep-corrosion-at-bay/</a>	To help prevent corrosion, keep plenty of desiccant on hand. Get the NSN here.....
20-Sep-22	MRAP, M-ATV: Add Reflective Tape for Safety's Sake	<a href="https://www.psmagazine.army.mil/News/Article-Display/Article/3163802/mrap-m-atv-add-reflective-tape-for-safety-sake/">https://www.psmagazine.army.mil/News/Article-Display/Article/3163802/mrap-m-atv-add-reflective-tape-for-safety-sake/</a>	MRAP and M-ATV door handles and escape latches are hard to see, so illuminate them by adding strips of reflective tape. Here's how to get the tape and where to apply it.....
23-Sep-22	FMTV A1P2: Cab Lifting Cylinders	<a href="https://www.psmagazine.army.mil/News/Article/3168499/fmtv-a1p2-cab-lifting-cylinders/">https://www.psmagazine.army.mil/News/Article/3168499/fmtv-a1p2-cab-lifting-cylinders/</a>	There are two (2) different types of lifting cylinders shown in the IETM with different NSNs for the cab of FMTV A1P2s. The two (2) types are different lengths and cannot be installed on the same truck because the length difference will prevent the cab from raising or lowering properly. Here's what you need to know.....
29-Sep-22	Weapon Installed on CROWS? Lock on Lowest Elevation for Travel!	<a href="https://www.psmagazine.army.mil/News/Article/3174470/weapon-installed-on-crows-lock-on-lowest-elevation-for-travel/">https://www.psmagazine.army.mil/News/Article/3174470/weapon-installed-on-crows-lock-on-lowest-elevation-for-travel/</a>	When operating a vehicle with CROWS installed keep the CROWS locked at the lowest elevation unless in use. Keep reading for the facts...
