Tools	122

The Preventive Maintenance Monthly Index of Online Articles is an official publication of the Department of the Army, providing a reference tool for all Soldiers assigned to combat and combat support units to access PS Magazine articles published to its official .mil website. All referenced articles have been reviewed and approved by the agency responsible for the equipment, publication or policy discussed in any referenced article. Application of the information in those articles is encouraged but optional with the user. The use of product or company names does not constitute endorsement of those products, services or companies by the U.S. Army. The use of non-DoD hyperlinks, along with that content, does not constitute endorsement by the DoD or DA. Neither DoD nor DA exercises any editorial control over, and cannot vouch for, content on non-DoD websites.

PS: The Preventive Maintenance Monthly Index of Online Articles (ISSN 0475-2953)
is published monthly by the Department of the Army, Redstone Arsenal, AL 35898.

You are invited to send PS your ideas for improving maintenance procedures, questions on maintenance and supply problems and questions or comments on material published in PS.

6-Jan-22	I Own This: December 2021 Nominees	https://www.psmagazine.army.mil/News/Article/2890837/i-own-this-december-2021-nominees/	PS Magazine's I Own This campaign is designed to recognize Warfighters of all services who exemplify the highest standards of care for their assigned vehicles and equipment and contribute in meaningful ways to their unit's overall maintenance and supply posture. In short, they live and breathe readiness. For Dec 2021, one Warfighter was nominated for this program: Cpl Keaton G. Wilkett , USMC...
14-Jan-22	PS Magazine: 2021 Web Metrics Year-In-Review	https://www.psmagazine.army.mil/News/Article/2900220/ps-magazine-2021-web-metrics-year-in-review/	In 2019, PS: The Preventive Maintenance Monthly switched from a physical, monthly digest-style magazine to a purely web-based platform. Between then and now, our online audience has grown steadily. Since January 1, 2021, 313,465 visitors have accounted for 1,132,583 page views on the website. Click MORE>> to learn more about our web metrics for the past year...
18-Jan-22	Missiles: 2021 Year-in-Review	https://www.psmagazine.army.mil/News/Article/2902530/missiles-2021-year-in-review/	This article highlights missile-related articles from 2021 and some of the information readers found most useful...
18-Jan-22	Aviation: 2021 Year-in-Review	https://www.psmagazine.army.mil/News/Article/2902538/aviation-2021-year-in-review/	In this inaugural year-in-review article, let's take a look back at some of the topics and themes that stood out in 2021 with an eye towards refreshing your maintenance skills and keeping your aircraft mission-ready...

20-Jan-22	Commo/Electronics and Soldier Support: 2021 Year-in-Review	https://www.psmagazine.army.mil/News/Article/2905796/commoelectronics-and-soldier-support-2021-year-in-review/	If there's one thing 2021 taught us, it's to expect the unexpected. Some things stay the same, though...like the need for preventive maintenance, and solving perplexing problems, especially when it comes to commo and electronics. Here's a run-down of some of the most read commo/electronics and Soldier support articles for 2021...
21-Jan-22	Tactical Vehicles: 2021 Year-in-Review	https://www.psmagazine.army.mil/News/Article/2907377/tactical-vehicles-2021-year-in-review/	Maintenance leaders, NSNs were the most frequent topics covered in 2021 for tactical vehicles and trailers. Corrosion prevention and the roll-out of Non-Combat Operations Maintenance Plan (NCOMP) were also hot topics this past year. Get the rest of the story here...
24-Jan-22	Leader Interview: BG Hilmes, USACRC	https://www.psmagazine.army.mil/News/Article/2902263/leader-interview-bg-hilmes-usacrc/	MSG Half-Mast started the new year with a virtual visit to Fort Rucker, AL, where he spoke with the US Army Combat Readiness Center (USACRC) commanding general, BG Andrew C. Hilmes, about the USACRC's mission and the intersection of safety and readiness. BG Hilmes also serves as Director of Army Safety...
25-Jan-22	Small Arms: 2021 Year-in-Review	https://www.psmagazine.army.mil/News/Article/2910754/small-arms-2021-year-in-review/	This article highlights small arms-related articles from 2021 and some of the information readers found most useful...
25-Jan-22	Combat Vehicles: 2021 Year-in-Review	https://www.psmagazine.army.mil/News/Article/2911150/combat-vehicles-2021-year-in-review/	Another year, another 525,600 minutes of preventive maintenance. Although it's hard to pinpoint a definitive trend when it comes to maintenance issues among combat vehicle fleets in 2021, one clear trend was the need to improve combat readiness through improved preventive maintenance...

26-Jan-22	Logistics & Maintenance Management: 2021 Year-In-Review	https://www.psmagazine.army.mil/News/Article/2911649/logistics-maintenance-management-2021-year-in-review/	From January 1, 2021, through December 31, 2021, the Logistics/Maintenance Management section of the PS Magazine website welcomed 6,667 visitors who viewed 9,385 articles. As a part of the PS Magazine year-in-review, we took a look back at the most popular articles...
1-Feb-22	CCE: 2021 Year-in-Review	https://www.psmagazine.army.mil/News/Article/2918167/cce-2021-year-in-review/	This article highlights construction-related articles from 2021 and some of the information readers found most useful...
1-Feb-22	PS Offers Retro PM & Safety Posters	https://www.psmagazine.army.mil/News/Article/2919066/ps-offers-retro-pm-safety-posters/	The PS website recently started offering 11-in by 17-in retro posters that unit maintenance and supply leaders can print and hang in motor pool offices, maintenance bays, supply rooms and other common areas where Warfighters congregate...
4-Feb-22	I Own This: January 2022 Nominees	https://www.psmagazine.army.mil/News/Article/2923736/i-own-this-january-2022-nominees/	PS Magazine's I Own This campaign is designed to recognize Warfighters of all services who exemplify the highest standards of care for their assigned vehicles and equipment and contribute in meaningful ways to their unit's overall maintenance and supply posture. In short, they live and breathe readiness. For Jan 2022, one Warfighter was nominated for this program: SGT Carrie Snodgrass, US Army...
11-Feb-22	Readiness: SecArmy Feb 2022 Message to the Force	https://www.psmagazine.army.mil/News/Article/2931660/readiness-secarmy-feb-2022-message-to-the-force/	Secretary of the Army, Christine E. Wormuth, recently shared her six top objectives with Soldiers and Department of the Army Civilians in a message dated Feb 8, 2022. These objectives expand on the Army's foundational priorities of people, readiness and modernization...

15-Feb-22	Publications: Are Paper TMs Still Available?	https://www.psmagazine.army.mil/News/Article/2934752/publications-are-paper-tms-still-available/	We have multiple vehicles without a -10 TM available for the operators to perform PMCS. That means that a lot of equipment gets dispatched without maintenance or the knowledge of how to properly operate them. Is there any way to reorder paper TMs to replace the ones that are missing? ...
25-Feb-22	Corrosion: New Documents Published	https://www.psmagazine.army.mil/News/Article/2946209/corrosion-new-documents-published/	Corrosion is an ongoing battle. To ensure this menace never wins the day, two new corrosion policy and procedures publications are available...
28-Feb-22	Tactical Vehicles: Don't Make Winter Driving a Chilling Experience	https://www.psmagazine.army.mil/News/Article/2948326/tactical-vehicles-dont-make-winter-driving-a-chilling-experience/	Operators, winter driving presents unique challenges. The bottom line is that you need to be prepared for these challenges. Here's what you need to know...
1-Mar-22	AOAP: Temporary Gap in Service and Workarounds	https://www.psmagazine.army.mil/News/Article/2950424/aoap-temporary-gap-in-service-and-workarounds/	Starting on Feb 20, 2022, the contract that supports the Army Oil Analysis Program (AOAP) will experience a gap in service. Read on to learn more about its impact...
2-Mar-22	I Sustain This Recognition Program: Nominate a Deserving Civilian Sustainer	https://www.psmagazine.army.mil/News/Article/2952110/i-sustain-this-recognition-program-nominate-a-deserving-civilian-sustainer/	Maintaining equipment to meet combat readiness requirements and stay in the fight, even under the most arduous of circumstances, often relies on the support of civilian sustainers and maintainers. Here's how you can recognize their efforts...
3-Mar-22	I Own This: February 2022 Nominees	https://www.psmagazine.army.mil/News/Article/2953274/i-own-this-february-2022-nominees/	PS Magazine's I Own This campaign is designed to recognize Warfighters of all services who exemplify the highest standards of care for their assigned vehicles and equipment and contribute in meaningful ways to their unit's overall maintenance and supply posture. In short, they live and breathe readiness. For Feb 2022, one Warfighter was nominated for this program: SGT Francisco PerezRios, US Army...

3-Mar-22	Set Up a Virtual TDY with PS Magazine	https://www.psmagazine.army.mil/News/Article/2953586/set-up-a-virtual-tdy-with-ps-magazine/	PS Magazine was created in 1951 to help Soldiers with maintenance and logistics issues. We're still here to help after 70 years and we'd like to invite combat, combat support and combat service support units across the Army to conduct virtual TDYs with us to discuss maintenance and sustainment challenges. We're also encouraging units to share maintenance and sustainment successes so that PS can potentially share them across the Army in order to enhance overall combat readiness...
4-Mar-22	Leader Interview: Mr. Baker, AOAP	https://www.psmagazine.army.mil/News/Article/2954827/leader-interview-mr-baker-aoap/	MSG Half-Mast literally walked down the street to speak with Mr. Jim Baker, Program Manager for the Army Oil Analysis Program (a subordinate activity of Army Sustainment Command) about its mission, history and continued positive impact on Army Readiness...
16-Mar-22	Logistics: Not Optional Says the Army Chief of Staff	https://www.psmagazine.army.mil/News/Article/2967697/logistics-not-optional-says-the-army-chief-of-staff/	In a recent article appearing in Breaking Defense, writer Valerie Insinna captured the observations of three top American generals about key lessons learned so far from Russia's invasion of Ukraine. One of the lessons highlighted was the significant role logistics play in supporting combat operations...
17-Mar-22	PS Magazine: One of the Original Explainers	https://www.psmagazine.army.mil/News/Article/2970070/ps-magazine-one-of-the-original-explainers/	What's an explainer, you ask? The term actually defines itself: it's a form of communication intended to explain something. In the case of PS Magazine—or as it was called at the outset, PS: The Preventive Maintenance Monthly—the chief purpose of the cartoon-illustrated bulletin was to explain how to care for vehicles and equipment. Read on to learn more about PS's history as an explainer...

5-Apr-22	Leader Interview: Mr. Acevedo, AMLC	https://www.psmagazine.army.mil/News/Article/2989048/leader-interview-mr-acevedo-amlc/	MSG Half-Mast recently had the honor of sitting down with Mr. Jason Acevedo at Fort Detrick, MD. Mr. Acevedo is the Director of the Logistics Assistance Program (LAP) for the Integrated Logistics Sustainment Center (ILSC), Army Medical Logistics Command (AMLC)...
5-Apr-22	I Own This: March 2022 Nominees	https://www.psmagazine.army.mil/News/Article/2989561/i-own-this-march-2022-nominees/	PS Magazine's I Own This campaign is designed to recognize Warfighters of all services who exemplify the highest standards of care for their assigned vehicles and equipment and contribute in meaningful ways to their unit's overall maintenance and supply posture. In short, they live and breathe readiness. For Mar 2022, one Warfighter was nominated for this program: CMCN Merrick Schmehil, US Navy...
7-Apr-22	I Sustain This: March 2022 Nominees	https://www.psmagazine.army.mil/News/Article/2992294/i-sustain-this-march-2022-nominees/	PS Magazine's I Sustain This campaign is designed to recognize civilian sustainers who exemplify the highest standards while maintaining equipment to meet combat readiness requirements and stay in the fight, even under the most arduous of circumstances. This month, we had five (5) civilian sustainers nominated for this program. One was selected at random to receive the spotlight. Read on to learn about all five nominees. ...
26-Apr-22	Leader Interview: MG Mohan, USASC	https://www.psmagazine.army.mil/News/Article/3011118/leader-interview-mg-mohan-usasc/	MSG Half-Mast recently paid a virtual visit to Rock Island Arsenal, Illinois, home of the Headquarters of the US Army Sustainment Command (ASC). While there, he sat down with ASC's commanding general, MG Chris Mohan to discuss the command's mission and some of its recent initiatives. Read on to learn more...

3-May-22	Safety: Off-Duty Awareness Sustains the Force	https://www.psmagazine.army.mil/News/Article/3018063/safety-off-duty-awareness-sustains-the-force/	Mission success always includes safety. When the mission is over, safety doesn't stop. Read on to learn about resources to make off-duty safety a priority...

18-Jan-22	Aviation: 2021 Year-in-Review	https://www.psmagazine.army.mil/News/Article/2902538/aviation-2021-year-in-review/	In this inaugural year-in-review article, let's take a look back at some of the topics and themes that stood out in 2021 with an eye towards refreshing your maintenance skills and keeping your aircraft mission-ready...
26-Jan-22	AGSE: Maintaining Aircraft Jacks	https://www.psmagazine.army.mil/News/Article/2912473/agse-maintaining-aircraft-jacks/	This article initially appeared in PS 760 (Mar 16). Mechanics, if you have jacks sitting around the hangar collecting dust, make sure you give them a personal maintenance once-over before using them on your helicopters. ...
28-Jan-22	All Aircraft: Pick the Right Type and Number of Jacks	https://www.psmagazine.army.mil/News/Article/2913101/all-aircraft-pick-the-right-type-and-number-of-jacks/	Mechanics, aircraft jacks are vital for maintenance on your helicopter. They've been around for years and gone through a lot of changes. Some have been put out to pasture while others have been neglected. This article offers pointers on picking the right type and number when jacking is needed...
1-Feb-22	PS Offers Retro PM & Safety Posters	https://www.psmagazine.army.mil/News/Article/2919066/ps-offers-retro-pm-safety-posters/	PS: The Preventive Maintenance Monthly was created in 1951 by legendary comic book artist, Will Eisner, to help Soldiers maintain their vehicles and equipment to the highest standards by having the latest and most accurate sustainment, supply and safety information.
3-Feb-22	All Aircraft: Update on Proper Shipping	https://www.psmagazine.army.mil/News/Article/2920802/all-aircraft-update-on-proper-shipping/	Back in Jan 2020, in "Aircraft: Proper Shipping Fights Corrosion and Saves Money," we encouraged units returning items for depot level repair (DLR) to follow proper packing guidelines in order to protect the equipment, save money and fight corrosion. Here's a bit more information to achieve these important outcomes.

4-Feb-22	AH-64: Use Correct Multi-Meter for Circuit Check	https://www.psmagazine.army.mil/News/Article/2923627/ah-64-use-correct-multi-meter-for-circuit-check/	When performing continuity checks on the S39 circuit continuity switch-box, use the Fluke® 27-II multimeter. Here's why.
8-Feb-22	Aviation: Updated Calibration and Repair TB Published	https://www.psmagazine.army.mil/News/Article/2311868/aviation-updated-calibration-and-repair-tb-published/	Make a note that TB 43-180, Calibration and Repair Requirements for the Maintenance of Army Material (Feb 22), has been updated. In fact, it's updated monthly.
25-Feb-22	CH-47F: Chinook F-Model Training Info	https://www.psmagazine.army.mil/News/Article/2946298/ch-47f-chinook-f-model-training-info/	The Chinook helicopter has changed a lot over the decades. The F-model is the newest aircraft and getting familiar with it comes with use and training.
25-Feb-22	Corrosion: New Documents Published	https://www.psmagazine.army.mil/News/Article/2946209/corrosion-new-documents-published/	Corrosion is an ongoing battle. To ensure this menace never wins the day, two new corrosion policy and procedures publications are available.
3-Mar-22	Set Up a Virtual TDY with PS Magazine	https://www.psmagazine.army.mil/News/Article/2953586/set-up-a-virtual-tdy-with-ps-magazine/	We're still here to help after 70 years and we'd like to invite combat, combat support and combat service support units across the Army to conduct virtual TDYs with us to discuss maintenance and sustainment challenges.
9-Mar-22	ALSE: Ordering Aviation Life Support Equipment	https://www.psmagazine.army.mil/News/Article/2961398/alse-ordering-aviation-life-support-equipment/	As a new aviation life support equipment (ALSE) officer, I'm trying to figure out the best way to order ALSE equipment from Air Warrior. Can you help?

10-Mar-22	AGSE: Maintenance Platform Care & Safety	https://www.psmagazine.army.mil/News/Article/2962106/agse-maintenance-platform-care-safety/	Successful maintenance on aircraft is a must. To access hard-to-reach places on your Black Hawk, Apache or Chinook, you'll need maintenance platforms.
11-Mar-22	General Aviation: Get the Right Footwear	https://www.psmagazine.army.mil/News/Article/2963675/general-aviation-get-the-right-footwear/	If you ever have a question about which combat boots are or are not approved for aviation use, visit the United States Army Aeromedical Research Laboratory (USAARL) web page.
15-Mar-22	AGSE: Tire Replacement for GANG	https://www.psmagazine.army.mil/News/Article/2966453/agse-tire-replacement-for-gang/	I'm doing maintenance on the tire and wheel assembly for the generic aircraft nitrogen generator (GANG) and have hit a roadblock.
23-Mar-22	All Aircraft: Turn in ARC-231 Radios and Mounts	https://www.psmagazine.army.mil/News/Article/2975279/all-aircraft-turn-in-arc-231-radios-and-mounts/	The CECOM Integrated Logistics Support Center (ILSC) Enterprise Soldier Aviation (ESA) Directorate needs units to turn in unserviceable and unused serviceable ARC-231 receiver transmitters, NSN 5821-01-500-4770, and KAB mounts, NSN 5975-01-555-9367 ASAP!
29-Mar-22	IADS: Export and Import Function Enables Sharing of Notes	https://www.psmagazine.army.mil/News/Article/2981126/iads-export-and-import-function-enables-sharing-of-notes/	For Soldiers using IADS to view IETMS—which is primarily limited to aviation and missile units at present—there's a relatively new feature to be aware of: the ability to export and import notes.
8-Apr-22	ALSE: Air Warrior Stands Up Forum on JTDI	https://www.psmagazine.army.mil/News/Article/2993927/alse-air-warrior-stands-up-forum-on-jtdi/	ALSE techs, getting information about aviation life support equipment (ALSE) has been a little difficult as of late.

13-Apr-22	Apache: Stand Protects Searchlight	https://www.psmagazine.army.mil/News/Article/2998168/apache-stand-protects-searchlight/	Mechanics, PS Magazine published an article back in February 2009 (Pages 36-38 of PS 675) about the challenges of removing the searchlight underneath the nose of the AH-64D due to the delicate nature of the equipment if mishandled.
13-Apr-22	All Aircraft: Where to Get Help	https://www.psmagazine.army.mil/News/Article/2998236/all-aircraft-where-to-get-help/	Getting in contact with aviation subject-matter experts (SMEs) and other organizations about your equipment can sometimes be a maze.
26-Apr-22	MEDEVAC: Rescue Hoist Kits Not an Army Option	https://www.psmagazine.army.mil/News/Article/3009924/medevac-rescue-hoist-kits-not-an-army-option/	Mechanics, when a cartridge-actuated device (also known as “CAD” or squib”) on the hoist is fired, all of the components of the cable cut system must be replaced, to include:
3-May-22	Safety: Off-Duty Awareness Sustains the Force	https://www.psmagazine.army.mil/News/Article/3018063/safety-off-duty-awareness-sustains-the-force/	Mission success always includes safety. When the mission is over, safety doesn’t stop
3-May-22	MEDEVAC: Attention to Detail When Using Rescue Hoist	https://www.psmagazine.army.mil/News/Article/3018154/medevac-attention-to-detail-when-using-rescue-hoist/	Rescue missions or evacuations of injured Soldiers should not be taken lightly.
3-May-22	MEDEVAC: Give Zephyrs TLC with S-C-R-A-P	https://www.psmagazine.army.mil/News/Article/3018118/medevac-give-zephyrs-tlc-with-s-c-r-a-p/	Mechanics, it’s important to take care of your aircraft and equally important to maintain the equipment that supports your aircraft—such as the Zephyr.

3-May-22	Black Hawk: Order Resistor from Supply System	https://www.psmagazine.army.mil/News/Article/3018205/black-hawk-order-resistor-from-supply-system/	Mechanics, good news! The 300-Watt 7 OHM resistor required for the 12-month electronic standby instrument system (ESIS) discharge test is now in the supply system.
3-May-22	MEDEVAC: Prevent External Rescue Hoist Corrosion	https://www.psmagazine.army.mil/News/Article/3018232/medevac-prevent-external-rescue-hoist-corrosion/	Mechanics, corrosion control is an ongoing fight and it's no different for the Breeze-Eastern external rescue hoist, PN BL-29900-30-1.
4-May-22	MEDEVAC: 2022 Hoist Training Schedules	https://www.psmagazine.army.mil/News/Article/3019079/medevac-2022-hoist-training-schedules/	Mechanics, it's that time again for training on the rescue hoist ground support equipment (RHGSE) by Zephyr and the BL-29900-30-1 external rescue hoist by Breeze-Eastern
4-May-22	Utility Helicopters: JTDI VS UHPO	https://www.psmagazine.army.mil/News/Article/3019031/utility-helicopters-jtdi-vs-uhpo/	Mechanics, if you've accessed the JTDI Technical Publications and the Utility Helicopter Project Office (UHPO) websites and thought they appeared identical, you're right; they are.
4-May-22	AMCOM Has New Podcast	https://www.psmagazine.army.mil/News/Article/3019951/amcom-has-new-podcast/	What can the US Army Aviation and Missile Command (AMCOM) do for you? That's the title of a newly released podcast coming to you straight from the AMCOM leadership.
25-May-22	Apache: Replacing the Midframe Oil Drain Tube Coupling Nut	https://www.psmagazine.army.mil/News/Article/3043225/apache-replacing-the-midframe-oil-drain-tube-coupling-nut/	Mechanics, you spoke and the Apache T700 Office listened. You suggested that the field could repair the B Nut (PN R197P04) on the engine cold section module (CSM), instead of purchasing a new CSM, and save money.

26-May-22	AGSE: SCAMP TM Available on JTDI	https://www.psmagazine.army.mil/News/Article/3044700/agse-scamp-tm-available-on-jtdi/	Mechanics, make a note that the SCAMP's TM 9-3810-365-13&P (Feb 22) is on the AGSE page of the JTDI website.
8-Jun-22	Apache: Inspect Seat Belt and Harness for Correct Configuration	https://www.psmagazine.army.mil/News/Article/3056692/apache-inspect-seat-belt-and-harness-for-correct-configuration/	Mechanics, make a note that if you're working on the Apache Longbow, you need to check the seat belt and harness configuration.
14-Jun-22	All Aircraft: Be Mindful During Ground Handling Operations	https://www.psmagazine.army.mil/News/Article/3062378/all-aircraft-be-mindful-during-ground-handling-operations/	Mechanics, ground support mishaps shouldn't happen if you're doing things by the book—that is by applicable maintenance manuals and TM 1-1500-204-23-1 (Jul 92).
14-Jun-22	AH-64: Reprogramming the Mast Mounted Assembly	https://www.psmagazine.army.mil/News/Article/2880765/ah-64-reprogramming-the-mast-mounted-assembly/	The Apache helicopter has many complicated computerized parts. In the Jul 21 Apache newsletter, issue 96, it states that the mast mounted assembly (MMA) electronically erasable programmable read-only memory (EEPROM), NSN 1220-01-605-5217, requires reprogramming after specific fire control radar (FCR) maintenance tasks are accomplished. If this reprogramming doesn't occur, it could negatively impact the accuracy of the fire control radar. Read on to learn the details...
16-Jun-22	AGSE: Get Polymer Doors for ALUMMC	https://www.psmagazine.army.mil/News/Article/3065212/agse-get-polymer-doors-for-alummc/	I've been trying to get NSNs for the passenger-side and driver-side polymer doors used on the Aviation Light Utility Mobile Maintenance Cart (ALUMMC), NSN 1740-01-632-9476, to replace the international automation systems (IAS) ALUMMC -2 glass doors.

17-Jun-22	Aircraft General: Get Aircraft Posters from Combat Readiness Center	https://www.psmagazine.army.mil/News/Article/3067007/aircraft-general-get-aircraft-posters-from-combat-readiness-center/	Helicopters face many different situations that affect performance and maintenance readiness, from cold weather to bird strikes. Sometimes, visual reminders—like posters—about what’s at stake are helpful in keeping everyone vigilant.
21-Jun-22	Be Prepared for Hot Weather: A List of Must-Read PS Articles	https://www.psmagazine.army.mil/News/Article/2651487/be-prepared-for-hot-weather-a-list-of-must-read-ps-articles/	Soldiers, even though it happens every year, it somehow seems to sneak up on us. It’s summer and the heat is on! Read on to see how to keep you and your equipment cool...
21-Jun-22	Chinook: When the Heat’s On, Get Sun Shades	https://www.psmagazine.army.mil/News/Article/3069210/chinook-when-the-heats-on-get-sun-shades/	Crew members, as the summer months arrive and temperatures rise, the inside of a Chinook can get—as they say—hotter than the devil sitting on the flight line.
24-Jun-22	All Aircraft: Preventive Maintenance, the Key to Success	https://www.psmagazine.army.mil/News/Article/3072207/all-aircraft-preventive-maintenance-the-key-to-success/	Black Hawks, Apaches, Chinooks, UASs and Lakotas cost millions of dollars. Helicopter near misses, mishaps and accidents—most of which can be avoided—come down to attention to detail.
29-Jul-22	AGSE: Now on milSuite	https://www.psmagazine.army.mil/News/Article/3078387/agse-now-on-milsuite/	If you work on aviation ground support equipment (AGSE), the product office has a new milSuite site.
5-Jul-22	Apache: Turn in Unserviceable Carrier Drive Assemblies	https://www.psmagazine.army.mil/News/Article/3082765/apache-turn-in-unserviceable-carrier-drive-assemblies/	AH-64D/E armament maintainers, Corpus Christi Army Depot needs unserviceable carrier drive assemblies, NSN 1005-01-221-7602 (PN 7-317236502-5), in order to sustain the depot-level repair program.

6-Jul-22	Chinook: Rotor Blade Stand Helps with Maintenance	https://www.psmagazine.army.mil/News/Article/3084024/chinook-rotor-blade-stand-helps-with-maintenance/	Mechanics, holding up a Chinook rotor blade to perform maintenance and to adjust the pitch change (PC) links is no small feat.
6-Jul-22	Apache: Turn In These Unserviceable Components	https://www.psmagazine.army.mil/News/Article/3084305/apache-turn-in-these-unserviceable-components/	The AMCOM Logistics Center (ALC) requests Apache units turn in these specific unserviceable parts to ensure supply is available to meet unit requirements:
14-Jul-22	MEDEVAC: MMS Adapter Plate Corrosion Guidance	https://www.psmagazine.army.mil/News/Article/3092753/medevac-mms-adapter-plate-corrosion-guidance/	Mechanics, corrosion can pop up anywhere and anytime. Even though there've been only a few reported cases in the past two years, corrosion is impacting the MEDEVAC mission sensor (MMS) adapter plate, NSN 5340-01-614-9602.
21-Jul-22	Aviation Tools: Hammers and Mallets Are NOT One-Size-Fits-All	https://www.psmagazine.army.mil/News/Article/3100574/aviation-tools-hammers-and-mallets-are-not-one-size-fits-all/	Mechanics, when grabbing a tool for maintenance, make sure to use the right tool to perform the task the right way.
27-Jul-22	Apache: Using Covers Protects Aircraft	https://www.psmagazine.army.mil/News/Article/3107550/apache-using-covers-protects-aircraft/	Mechanics, using aircraft covers on your Apache helps lower maintenance costs and protects your aircraft from severe weather.
1-Aug-22	Apache: Faster, More Effective Maintenance Comes with STAMP	https://www.psmagazine.army.mil/News/Article/3111511/apache-faster-more-effective-maintenance-comes-with-stamp/	Obtaining the full maintenance picture of the Apache helicopter during flight is now possible for mechanics with the Smart Tool for Aviation Maintenance Picture (STAMP) system.

1-Aug-22	AGSE: Got Questions About SCAMP Warranty Claims?	https://www.psmagazine.army.mil/News/Article/3111616/agse-got-questions-about-scamp-warranty-claims/	Operators, if you use the self-propelled crane aircraft maintenance and positioning (SCAMP II) expeditionary crane, also called the spydercrane, and have questions about submitting a warranty claim, here's the lowdown.
4-Aug-22	Apache: Engine Cleaning the Right Way	https://www.psmagazine.army.mil/News/Article/3116980/apache-engine-cleaning-the-right-way/	You may remember the days of quick engine cleanings. Today, engine care has become more sophisticated. WP 0324 of TM 1-2840-248-23&P (Oct 19) now specifies cleaning intervals and adjustments to those intervals based on environmental conditions.
15-Aug-22	Apache: Got Problems with EDECU?	https://www.psmagazine.army.mil/News/Article/3128493/apache-got-problems-with-edecu/	Mechanics, if your unit has had the latest version of the enhanced digital electronic control unit (EDECU), NSN 2995-01-680-3143, PN 4155T12P09, installed on any of your aircraft, there's a more in-depth troubleshooting procedure you need to follow.
17-Aug-22	MEDEVAC: BAM Window Latch Assemblies Now Have NSNs	https://www.psmagazine.army.mil/News/Article/3130203/meDEVAC-bam-window-latch-assemblies-now-have-nsns/	The right-and left-hand BAM window latches can be ordered by NSN from the supply system.
17-Aug-22	AGSE: How to Get a Windshield Wiper Arm for SATS	https://www.psmagazine.army.mil/News/Article/3130585/agse-how-to-get-a-windshield-wiper-arm-for-sats/	Standard Aircraft Towing System TM lists duplicate NSN for the wiper blade and no NSN for the wiper arm.
25-Aug-22	AGSE: Install SATS Wheel Assembly Correctly	https://www.psmagazine.army.mil/News/Article/3139757/agse-install-sats-wheel-assembly-correctly/	When installing the wheel assemblies on the SATS, remember it's shallow side IN for the FRONT wheels and shallow side OUT for the REAR.

31-Aug-22	UH-60: Turn in Unserviceable Vanexial Fans	https://www.psmagazine.army.mil/News/Article/3145362/uh-60-turn-in-unserviceable-vanexial-fans/	Mechanics, the Utility Helicopter Project Office needs all unserviceable vaneaxial fans turned in now, so they can be repaired and sent back out to meet mission requirements.
1-Sep-22	General Aviation: Update on Routine Oil Sampling	https://www.psmagazine.army.mil/News/Article/3146945/general-aviation-update-on-routine-oil-sampling/	Routine oil sampling for aircraft and non-hydraulic AGSE components is no longer required per Aviation Maintenance Action Message (AMAM), GEN-22-AMAM-06. Keeping reading to learn more...
1-Sep-22	General Aviation: Automated Weight & Balance System Team Supports Army Aviation	https://www.psmagazine.army.mil/News/Article/3147431/general-aviation-automated-weight-balance-system-team-supports-army-aviation/	The DEVCOM Automated Weight & Balance System (AWBS) team supports the whole of Army aviation with a range of services and support that includes AWBS software training. Read on to learn all the details...
2-Sep-22	AGSE: Get SCAMP II Filters from Supply System	https://www.psmagazine.army.mil/News/Article/3147723/agse-get-scamp-ii-filters-from-supply-system/	The Army is now listed as a user of the SCAMP II Expeditionary Crane filters, which can be ordered through the supply system. Keep reading to get the correct NSNs. ...
9-Sep-22	All Fleets: Promote Safety by Avoiding the "Dirty Dozen"	https://www.psmagazine.army.mil/News/Article/3152297/all-fleets-promote-safety-by-avoiding-the-dirty-dozen/	The nemesis to Army safety is a "dirty dozen" of human-centered factors. Keep reading to learn what these factors are and ways to avoid them...
9-Sep-22	Black Hawk: Add Work Package Changes to IADS	https://www.psmagazine.army.mil/News/Article/3151976/black-hawk-add-work-package-changes-to-iads/	Adding work package updates with AMAM through IADS. Learn more here...

14-Sep-22	Corrosion: Keep Corrosion at Bay	https://www.psmagazine.army.mil/News/Article/3157534/corrosion-keep-corrosion-at-bay/	To help prevent corrosion, keep plenty of desiccant on hand. Get the NSN here.....
14-Sep-22	Chinook: Use the Right O-Rings and Packings to Prevent Engine Fires	https://www.psmagazine.army.mil/News/Article/3157121/chinook-use-the-right-o-rings-and-packings-to-prevent-engine-fires/	Chinook aircraft were grounded because of engine fires, but a remedy is in the works. Read on to find out more details about what you should do...
21-Sep-22	Gray Eagle: Ready for Cold Weather?	https://www.psmagazine.army.mil/News/Article/3164633/gray-eagle-ready-for-cold-weather/	When it comes to cold weather and fighting against cold, consider all the risks and make sure you prepare properly for the winter. Read on to find out more...
23-Sep-22	All Aircraft: Don't Play the Odds with Winter Weather	https://www.psmagazine.army.mil/News/Article/3168669/all-aircraft-dont-play-the-odds-with-winter-weather/	PS Magazine and the Army Combat Readiness Center websites are great resources to get the information you need to protect yourself and your aircraft during harsh winter conditions. Keep reading to learn more...
27-Sep-22	All Aircraft: Protecting Against Corrosion with Desiccant	https://www.psmagazine.army.mil/News/Article/3171446/all-aircraft-protecting-against-corrosion-with-desiccant/	Using desiccant is essential to preventing moisture and corrosion; use MIL-D-3464E to get the right desiccant to meet your needs. Keep reading to learn more...
28-Sep-22	All Aircraft: Make Safety an Imperative	https://www.psmagazine.army.mil/News/Article/3172228/all-aircraft-make-safety-an-imperative/	Making Safety an imperative is a vital part of maintenance and the overall success of a mission. Read on to learn more...

29-Sep-22	All Aircraft: Eyeball Bench Stock for Bad Hardware!	https://www.psmagazine.army.mil/News/Article/3174781/all-aircraft-eyeball-bench-stock-for-bad-hardware/	Use of common hardware is standard practice in aviation maintenance, but make sure all the hardware in your bench stock is in good condition and has no damage. Read on to find out more...
30-Sep-22	AH-64D/E: Don't Use Unauthorized Tool	https://www.psmagazine.army.mil/News/Article/3174951/ah-64de-dont-use-unauthorized-tool/	When it comes to Apache maintenance, the only tools authorized for use are those called out in TM maintenance procedures. Locally fabricated tools can cause more damage than they prevent. Read on for more information...
5-Oct-22	Reader Feedback: Inviting Your Input	https://www.psmagazine.army.mil/News/Article/3180782/reader-feedback-inviting-your-input/	MSG Half-Mast invites readers to answer a short questionnaire on how they engage with the PS Magazine website. Keep reading to learn more...
7-Oct-22	National Guard Aviation: DEVCOM's New Corrosion Website Now Live	https://www.psmagazine.army.mil/News/Article/3183226/national-guard-aviation-devcoms-new-corrosion-website-now-live/	DEVCOM has a new corrosion SharePoint site for National Guard Aviation
12-Oct-22	Black Hawk: Stabilator Actuator Lube Requirement Change	https://www.psmagazine.army.mil/News/Article/3186007/black-hawk-stabilator-actuator-lube-requirement-change/	The lubrication requirement for the Black Hawk stabilator actuator has increased from 360 hours to 480 hours.

Here's what you need to know...
3-Mar-22	Set Up a Virtual TDY with PS Magazine	https://www.psmagazine.army.mil/News/Article/2953586/set-up-a-virtual-tdy-with-ps-magazine/	We're still here to help after 70 years and we'd like to invite combat, combat support and combat service support units across the Army to conduct virtual TDYs with us to discuss maintenance and sustainment challenges.
7-Mar-22	M915A3 Tractor Truck: New NSN for Collision Warning ECU	https://www.psmagazine.army.mil/News/Article/2957844/m915a3-tractor-truck-new-nsn-for-collision-warning-ecu/	Maintainers, if your unit has M915A3 tractor trucks, be aware that the NSN for the collision warning ECU was replaced. Read about it here...

9-Mar-22	M149A2 Water Trailer: Need a Data Plate?	https://www.psmagazine.army.mil/News/Article/2960471/m149a2-water-trailer-need-a-data-plate/	Maintenance leaders, do you need to order either a water tank data plate or trailer data plate for your M149A2 water trailer? Here's some help...
9-Mar-22	M915A5 Tractor Truck: NSNs Assigned for Cable Pivot Brackets	https://www.psmagazine.army.mil/News/Article/2961358/m915a5-tractor-truck-nsns-assigned-for-cable-pivot-brackets/	Maintainers, Item 26 in Fig 208 of TM 9-2320-426-13&P (IETM EM 0308, Aug 14) doesn't show NSNs for the cable pivot brackets. However, NSNs are now available for the right-hand (RH) and left-hand (LH) brackets. Get the NSNs here...
10-Mar-22	FMTV: Silence Air Warning Buzzer While Troubleshooting	https://www.psmagazine.army.mil/News/Article/2962078/fmtv-silence-air-warning-buzzer-while-troubleshooting/	Mechanics, troubleshooting your FMTV's electrical system with the air warning buzzer blaring can be frustrating. Here's a simple trick to silence the buzzer while you're working. Here's a simple trick...
16-Mar-22	M1151A1 HMMWV: Ordering the Engine Compartment Hood	https://www.psmagazine.army.mil/News/Article/2968534/m1151a1-hmmwv-ordering-the-engine-compartment-hood/	Dear Half-Mast, I'm trying to replace a broken engine compartment hood on an M1151A1 HMMWV. However, NSN 2510-01-432-3338 shows the hood as AAC V in FED LOG. That means it's a terminal item. Can my unit still order the hood...
17-Mar-22	Up-Armored HMMWV: Inspect Seat Belt Assemblies	https://www.psmagazine.army.mil/News/Article/2970078/up-armored-hmmwv-inspect-seat-belt-assemblies/	Maintenance leaders, TACOM Safety of Use (SOU) message 22-002 advises you to inspect the seat belt assemblies (both lap and shoulder seat belts) in your up-armored HMMWVs. Here's why...
24-Mar-22	RCV Buffalo A2: When Water is Your Enemy	https://www.psmagazine.army.mil/News/Article/2976162/rcv-buffalo-a2-when-water-is-your-enemy/	Water collects in the hull of the Buffalo A2 like a rain barrel on the side of a barn. Water drips off wet boots and uniforms, trickles in from the top of the vehicle, and more. Read on to learn ways to prevent water damage...

24-Mar-22	RCV Buffalo A2: Follow These Seven PM and Safety Pointers	https://www.psmagazine.army.mil/News/Article/2976531/rcv-buffalo-a2-follow-these-seven-pm-and-safety-pointers/	Crewman, keep the following preventive maintenance (PM) pointers in mind. They'll keep your RCV Buffalo A2 mission-ready...
25-Mar-22	M1272 Buffalo: TM Missing Tire Chain Instructions	https://www.psmagazine.army.mil/News/Article/2978746/m1272-buffalo-tm-missing-tire-chain-instructions/	Operators, TM 9-2355-352-10 (Jun 20) for the Buffalo, doesn't have installation and removal instructions for tire chains. Read on to get info...
28-Mar-22	M915A3 Tractor Truck: Battery Equalizer NSN	https://www.psmagazine.army.mil/News/Article/2979869/m915a3-tractor-truck-battery-equalizer-nsn/	Maintainers, the battery equalizer for your M915A3 tractor truck, shown as Item 34 in Fig 95 of TM 9-2320-302-24P (Feb 06), is listed as NSN 6150-01-482-1211. That's no longer correct. Get the correct info here...
31-Mar-22	MK III VMMD Husky: Ink Spray Hoses	https://www.psmagazine.army.mil/News/Article/2983992/mk-iii-vmmd-husky-ink-spray-hoses/	Operators, make sure the MK III VMMD Husky's ink spray hoses are properly routed, attached and tucked away whenever the vehicle's mine detector heads are in the elevated position. Here's why...
31-Mar-22	Corrosion: Bust Rust with TACOM CCI Checklists	https://www.psmagazine.army.mil/News/Article/2984272/corrosion-bust-rust-with-tacom-cci-checklists/	Maintenance leaders, did you know the TACOM Corrosion website has corrosion control inspection (CCI) checklists? It sure does. Here's what you need to know...
6-Apr-22	M149-Series Water Trailers: ID Model & Inspect for Corrosion	https://www.psmagazine.army.mil/News/Article/2990788/m149-series-water-trailers-id-model-inspect-for-corrosion/	Maintenance leaders, according to TACOM Ground Safety Action (GSA) message 22-009, you'll need to identify your M149-series water trailers and inspect them for frame corrosion. And there's a deadline to do it! Get the scoop here...

7-Apr-22	M1078A1 FMTV: Culprit for Cab Power Loss	https://www.psmagazine.army.mil/News/Article/2992599/m1078a1-fmtv-culprit-for-cab-power-loss/	Dear Editor, my unit has had some issues with our M1078A1 FMTVs losing all cab power. The culprit is the battery disconnect relay assembly going bad. Here's a quick and easy fix...
18-Apr-22	FMTV: Interconnecting Box NSNs for GEN IV and GEN V Transmissions	https://www.psmagazine.army.mil/News/Article/3001922/fmtv-interconnecting-box-nsns-for-gen-iv-and-gen-v-transmissions/	On Page 14 of PS 753 (Aug 15), we let you know that for FMTVs from serial numbers 100,001 or above, you could get an interconnecting box using NSN 5895-01-591-7887. There's more to the story...
21-Apr-22	FMTV: Watch that A1P2 LTAS Seatbelt	https://www.psmagazine.army.mil/News/Article/3006277/fmtv-watch-that-a1p2-ltas-seatbelt/	Operators, when exiting the LTAS FMTV, make sure your four-point seat belt is fully inside the cab before shutting the door. If not, the belt's restraint latch gets slammed in the door jam. Read on...
21-Apr-22	M1102 Trailer: Marine Corps LTT Brake Drums Different	https://www.psmagazine.army.mil/News/Article/3006625/m1102-trailer-marine-corps-ltt-brake-drums-different/	Marines, the brake drums on your light tactical trailer (LTT) aren't the same as the ones used by the Army. That's because of the screw-on style of the grease cap that the Marine Corps opted to use on their M1102s. Get what you need to know here...
22-Apr-22	MRAP: Rev-up MaxxPros with Particle Separator Cleaning	https://www.psmagazine.army.mil/News/Article/3007953/mrap-rev-up-maxxpros-with-particle-separator-cleaning/	Operators, a few years ago in TACOM Maintenance Action Message (MAM) 19-012, TACOM evaluated the particle separator used on all three (3) models of the MaxxPro and decided that annual replacement was no longer necessary. Instead, the particle separators just need to be cleaned every year with a couple sprays of compressed air to blow out any debris. Here's the info you'll need...

29-Apr-22	FMTV A1P2: Always Engage Combat (Safety) Latches	https://www.psmagazine.army.mil/News/Article/3014691/fmtv-a1p2-always-engage-combat-safety-latches/	HOT: Warfighters, according to TACOM ground safety action message (GSAM) 22-010, a recent accident investigation discovered there's some confusion in units as to when to engage combat latches on up-armored FMTVs. Read about it here...
4-May-22	M1117 ASV, M1200 AK: Say Goodbye. It's Turn-in Time!	https://www.psmagazine.army.mil/News/Article/3019875/m1117-asv-m1200-ak-say-goodbye-its-turn-in-time/	Maintenance leaders, the Army added the M1117 armored security vehicle (ASV) to the Master Divestiture List (MDL) in April 2019. ASVs have been replaced with the M-ATV. That means as of September 2021, all ASVs are considered excess, and should be directed for turn-in to Sierra Army Depot (SIAD) RIC: B2F, DODAAC: W62G2X. More info here...
5-May-22	M969A3 Fuel Tanker: TM Lists Wrong NSN for Shutoff Valves	https://www.psmagazine.army.mil/News/Article/3021584/m969a3-fuel-tanker-tm-lists-wrong-nsn-for-shutoff-valves/	Refuelers, Item 1 in Fig 107 of TM 9-2330-330-23P (Dec 15) lists the incorrect NSN for the shutoff valves for the retail hose reels. They're shown as R and P in Item 1, Fig 107 below. Get the info here...
6-May-22	HEMTT A4: NSN for Headlamp	https://www.psmagazine.army.mil/News/Article/3022404/hemtt-a4-nsn-for-headlamp/	Mechanics, need a headlamp (headlight) for your HEMTT A4 truck? Get the NSN here...
24-May-22	M149A2 Water Buffalo: Master Cylinder NSN	https://www.psmagazine.army.mil/News/Article/3040663/m149a2-water-buffalo-master-cylinder-nsn/	Order a replacement master cylinder for the M149A2 water buffalo trailer with NSN 2530-01-339-8620. Read on to learn what models are affected...

24-May-22	M871 Semitrailer: Drill Drain Holes in Storage Boxes	https://www.psmagazine.army.mil/News/Article/3041288/m871-semitrailer-drill-drain-holes-in-storage-boxes/	Dear Editor, we support a transportation unit with 120 semitrailers. The semitrailers carry a mounted storage box that holds all the BII tools, chains and binding equipment. The storage box costs about \$680 and the stored equipment about \$1,000. Here's some need to know info...
24-May-22	M969A3 Fuel Tanker: Fuel/Water Separator Bottom Gasket NSN Update	https://www.psmagazine.army.mil/News/Article/3041308/m969a3-fuel-tanker-fuelwater-separator-bottom-gasket-nsn-update/	Mechanics, Item 1 in Fig 91 of TM 9-2330-330-23P (Dec 15) lists the wrong NSN and part number for the fuel/water separator bottom gasket that's part of the drain valve assembly in M969A3 fuel tankers. Get the right NSN here...
25-May-22	FMTV: Junction Box NSN	https://www.psmagazine.army.mil/News/Article/3041340/fmtv-junction-box-nsn/	Order a programmed junction box for the FMTV with NSN 5940-99-216-7389...
6-Jun-22	Ground Vehicles: Don't go off the Rails with Secondary Cargo Loads	https://www.psmagazine.army.mil/News/Article/3053948/ground-vehicles-dont-go-off-the-rails-with-secondary-cargo-loads/	On Pages 11-15 of PS 758 (Jan 16), we told you that when equipment, palletized cargo or small vehicles are loaded onto or into the cargo areas of trucks or trailers transported by rail, it's called a secondary cargo load. Get more info here...
8-Jun-22	HMMWV: New Winter Tire Assembly	https://www.psmagazine.army.mil/News/Article/3056573/hmmwv-new-winter-tire-assembly/	Warfighters, a few months ago we let you know the Army was testing the KO2 winter tires. They have a three-peak mountain snowflake (3PMSF) rating, which means they're considered severe-snow-service-rated. Here's the scoop...

10-Jun-22	Tactical Vehicles: Drive Like Your Life Depends on It!	https://www.psmagazine.army.mil/News/Article/3059107/tactical-vehicles-drive-like-your-life-depends-on-it/	Warfighters, MSG Half-Mast requests you huddle up with your fellow Soldiers and remind them that driving tactical vehicles is serious business. Just how serious is it? Find out here...
14-Jun-22	FMTV: Air Inlet Heater Solenoid Kit Available	https://www.psmagazine.army.mil/News/Article/3061843/fmtv-air-inlet-heater-solenoid-kit-available/	Warfighters, some units are telling the FMTV Sustainment Team that they're experiencing problems with the engine air inlet heater solenoid in FMTVs with the C-7 engine. Here's some good info...
15-Jun-22	M172A1, M870 and M870A1 Semitrailers: Replacing Split-Ring Rims	https://www.psmagazine.army.mil/News/Article/3063582/m172a1-m870-and-m870a1-semitrailers-replacing-split-ring-rims/	Mechanics, if you haven't heard, there's a new single-piece tire and wheel assembly to replace the old split-ring rim for the M172A1, M870 and M870A1 semitrailers. Here's what you need to know...
15-Jun-22	Trailers: Inspect the Coupling Systems in Inventory	https://www.psmagazine.army.mil/News/Article/3064552/trailers-inspect-the-coupling-systems-in-inventory/	Warfighters, according to Ground Safety Action Message (GSAM) 22-012, you'll need to inspect the coupling systems on your trailers. In September 2019, a batch of coupler drawbar rings, NSN 2540-00-999-5584, also known as pintle or lunette rings (we'll use the term pintle ring in this article), were delivered to DLA that didn't have the proper heat treating, which made them brittle and prone to failure. Read on...
21-Jun-22	Be Prepared for Hot Weather: A List of Must-Read PS Articles	https://www.psmagazine.army.mil/News/Article/2651487/be-prepared-for-hot-weather-a-list-of-must-read-ps-articles/	Soldiers, even though it happens every year, it somehow seems to sneak up on us. It's summer and the heat is on! Read on to see how to keep you and your equipment cool...

24-Jun-22	Ground Vehicles: Don't Use Tire Shine Products	https://www.psmagazine.army.mil/News/Article/3073081/ground-vehicles-dont-use-tire-shine-products/	Operators, we warned you about using tire shine products in our story on Page 15 of PS 791 (Oct 18). Sure, you want your ride to sparkle; however, using tire shine products to get that sparkle isn't authorized. That's because tire shine totally contradicts camouflage. read on...
28-Jun-22	HEMTT A4: Right Way to Stencil Periodic Load Tests	https://www.psmagazine.army.mil/News/Article/3077123/hemtt-a4-right-way-to-stencil-periodic-load-tests/	Maintenance leaders, there's been some confusion in units that have HEMTT A4s about how to correctly stencil the results of periodic load tests. That's because the TM and TB give differing guidance. What you need to know here...
29-Jun-22	FMTV: NSN for Towbar	https://www.psmagazine.army.mil/News/Article/3078177/fmtv-nsn-for-towbar/	Operators, it never hurts to have a towbar handy because you never know when you might need it. You can't use just any towbar you find in the motor pool. Get the NSN here...
29-Jun-22	M915A5 Tractor Truck: NSN for Air Tank Valve	https://www.psmagazine.army.mil/News/Article/3078328/m915a5-tractor-truck-nsn-for-air-tank-valve/	Operators, there's no NSN listed for the air tank valve shown as Item 2 in Fig 160 of TM 9-2320-426-13&P (Aug 14) for your M915A5 tractor truck. Here it is...
30-Jun-22	FMTV: Tire and Wheel Assembly Changes Hands	https://www.psmagazine.army.mil/News/Article/3080359/fmtv-tire-and-wheel-assembly-changes-hands/	Maintainers, historically the FMTV LTAS tire and wheel assembly, NSN 2530-01-571-5857, was managed by DLA as a consumable item. However, beginning in August 2022, this item will be transferred to TACOM for management as a repairable wheel assembly. TACOM needs your help...
30-Jun-22	M1270 MMPV: Easily Access Slave Receptacle	https://www.psmagazine.army.mil/News/Article/3080633/m1270-mmpv-easily-access-slave-receptacle/	Dear Editor, my shop discovered a problem with the M1270 MMPVs that are equipped with the interrogation arm enabler system. The problem is that the access door to the slave receptacle hits the system's hydraulic motor. Here's the fix..

11-Jul-22	HMMWV: LED Light Kit	https://www.psmagazine.army.mil/News/Article/3051839/hmmwv-led-light-kit/	Operators, did you know that there's a LED light kit available for your HMMWVs? You heard correctly! Get an LED light kit with NSN 5945-01-564-0484. The kit includes front and rear light assemblies parts list and instructions. More info here...
14-Jul-22	FMTV: Replacement NSN for Air Dryer	https://www.psmagazine.army.mil/News/Article/3093675/fmtv-replacement-nsn-for-air-dryer/	Mechanics, the FMTV's air dryer that's shown as NSN 2530-01-524-7892 (PN N-50011-H) in IETM 9-2320-333-23&P (Jun 19) has been replaced.. Keep reading to get the new NSN and more...
26-Jul-22	Tactical Vehicles: Five Steps to Install Batteries Right	https://www.psmagazine.army.mil/News/Article/3105047/tactical-vehicles-five-steps-to-install-batteries-right/	Corrosion kills tactical vehicle batteries. The good news is that five (5) simple steps during battery installation can beat corrosion and extend battery life. Get the steps here...
27-Jul-22	M200A1 Trailer: Testing Handbrakes	https://www.psmagazine.army.mil/News/Article/3106812/m200a1-trailer-testing-handbrakes/	Maintainers, TACOM is aware that procedures for testing the handbrakes on the M200A1 trailer aren't in TM 9-2320-205-13&P (Sep 14). Until the TM is updated, use MIL DTL-45150N (Jun 15). Get the testing steps here...
29-Jul-22	M1101, M1102 Trailer: NSN for Shock Absorber	https://www.psmagazine.army.mil/News/Article/3109721/m1101-m1102-trailer-nsn-for-shock-absorber/	Dear Half-Mast, I'm trying to replace a shock absorber on an M1101 trailer. However, FED LOG shows the shock absorber, NSN 2510-01-554-1785, as AAC V. That means it's a terminal item. Can my unit still order them or is there a new NSN? Short answer is yes to both...

3-Aug-22	HMMWV: Lug Nut and Stud Basics	https://www.psmagazine.army.mil/News/Article/3114954/hmmwv-lug-nut-and-stud-basics/	Soldiers, IETM 9-2320-387-13&P (Mar 21) tells you to hand tighten lugs nuts before you reach for that impact wrench when you're installing a wheel onto the geared hub of your HMMWV. That's because if you cannot easily hand tighten a lug nut to the stud, then either the lug nut or the stud is probably bad. Here's what you need to know...
3-Aug-22	Tactical Vehicles: Shocking Truth behind Defective Batteries	https://www.psmagazine.army.mil/News/Article/3115513/tactical-vehicles-shocking-truth-behind-defective-batteries/	Warfighters, new batteries are often returned to the Army supply system as unserviceable after only a few days or weeks. Did you know that very few of these new batteries prove to be defective at all? As shocking as that sounds, it's true! Get the facts here...
11-Aug-22	Fuel Tankers: Correct NSNs for Rear Axle Parts	https://www.psmagazine.army.mil/News/Article/3123914/fuel-tankers-correct-nsns-for-rear-axle-parts/	The TM lists incorrect NSNs for some rear axle parts for the M967A1P1, M969A1P1 and M969A2P1 fuel tankers. Get the correct NSNs here...
16-Aug-22	MRAP, M-ATV: Service Kit NSNs	https://www.psmagazine.army.mil/News/Article/3129809/mrap-m-atv-service-kit-nsns/	Service kits for MRAPs and M-ATVs are essential for keeping these vehicles mission-ready. Read on to get the NSNs...
25-Aug-22	M1120A2 HEMTT: NSN for Hook Arm Cylinder Assembly	https://www.psmagazine.army.mil/News/Article/3139770/m1120a2-hemtt-nsn-for-hook-arm-cylinder-assembly/	The hook arm cylinder assembly for M1120A2s was replaced by the M1120A4's. To get the newer assembly, use NSN 3040-01-642-5340...

1-Sep-22	Ground Vehicles: Lead-Acid Battery Storage	https://www.psmagazine.army.mil/News/Article/3146818/ground-vehicles-lead-acid-battery-storage/	Flooded cell and absorbed glass material (AGM) batteries can be stored and charged in the same container as long as you follow the guidelines in TM 9-6140-200-13 (May 11). We've got the details here.....
7-Sep-22	HEMTT: Parking Brake Problems? Check Exhaust Port	https://www.psmagazine.army.mil/News/Article/3150642/hemtt-parking-brake-problems-check-exhaust-port/	Parking brake problems with the HEMTT could potentially be caused by a clogged exhaust port at the end of the parking brake valve exhaust hose which will cause the parking brake to fail. Read about it here...
7-Sep-22	M1089A1P2 FMTV: UTAP Training Guides Available	https://www.psmagazine.army.mil/News/Article/3151455/m1089a1p2-fmtv-utap-training-guides-available/	If you need maintenance training for your FMTV wrecker, UTAP has added the Operator/Maintainer Student Guide (Mar 19) and the Operator/Maintainer Instructor Guide (Mar 19). Here's the scoop...
