Help for Production and Control Offices

Needing Condition Code Tags

An Easy Outline for Sergeant's Time Training

(**Note to Sergeants**: Here's an easy training outline you can follow any time your unit has a free minute. A problem & solution format is provided below, with visuals if you scroll down. Use this outline or add more info as you see fit. Make it yours & make it matter! –*PS Magazine*)

Problem: What are the colors and form numbers for condition code tags?
Solution: The yellow tag is DD Form 1574; the red tag is DD Form 1577; the green tag is DD Form 1577-2; and the blue tag is DD Form 1576.

Problem: What is each color tag used for?
Solution:
- The yellow tag, DD Form 1574, is for a repaired component sent back to you from the aviation support battalion (ASB) or depot.
- The red tag, DD Form 1577, is for unserviceable or condemned components.
- The green tag, DD Form 1577-2, is for a component that needs service or repair by an ASB or depot.
- The blue tag, DD Form 1576, is for a component scheduled for non-destructive inspection (NDI) or testing.

Problem: How can condition code tags be ordered by NSN?
Solution: Condition code tags cannot be order by NSN through the supply system. Order them through the Army Media Distribution Division (MDD).

Problem: How do unit production and control personnel order condition code tags?
Solution: Order condition code tags through the Army Media Distribution Division (MDD). To set up an account, email the MDD customer service help desk at:
usarmy.stlouis-mo.106-sig-bde.mbx.apdcustsrv@mail.mil

Call them at **(314) 592-0910** to sign up for an account number and password. If you already have an account, order the forms by going to:
https://epubs.army.mil/orderingportal
